Taxis

The Stockholm City taxi stand is situated directly outside the platform. Only taxis contracted by them are allowed to use the designated zone. As customers they want you to feel safe and know that any of the companies that use this zone are reliable. All companies that service the station are certified and satisfy the "Best Taxi Practices" requirements developed by the Swedish Taxi Association.

Fares

Fares may vary when you travel by taxi since the Swedish taxi market is not regulated. Choose the company that suits you best; you do not have to take the first taxi in the queue. Always ask for a receipt for your payment.

If you want to take a taxi on the street, download the leaflet below. Choose your taxi carefully.

Compare the prices given in large numbers, i.e. the highest unit price of each vehicle.

The highest unit price of most taxis is between SEK 290 - 390

- Sweden does not regulate prices; they may vary greatly. It is the customer's responsibility to check prices beforehand.
- Check the price on the yellow label, which is usually on the rear door window, before entering the vehicle.
- The price on the yellow label is based on a 10 km, 15-minute journey.
- When taking a taxi at a taxi station, you do not need to take the first vehicle in line – you are free to select any taxi company.
- The price indicated on the taximeter is in Swedish kronor. Always ask for a taximeter receipt when paying for the journey.
