Engineers Association

Institute of Rolling Stock Engineers

INTERNATIONAL CONFERENCE ON

Emerging Fire Protection Technologies for Rolling Stock

Dear Sir,

Institute of Rolling Stock Engineers (IRSE) and Indian Railway Service of Mechanical Engineers Association (IRSMEA) are organizing an International Conference on "Emerging Fire Technologies for Rolling Stock" at New Delhi, India on 24th-25th April 2014. The Conference is being supported by Indian Railways & RITES Limited. Venue of the Conference is Vigyan Bhawan, New Delhi.

The Conference will present emerging and latest technologies available worldwide in the various aspects of fire protection technologies such as prevention, detection, suppression etc and also delve on areas such as passenger evacuation, burn test systems, validation, simulation etc. The conference will present opportunities to discuss current research, new concepts and ideas and to establish opportunities for future collaborations in all aspects of fire protection technologies for Rolling Stock in India.

We invite you to participate in this Conference and to contribute with technical paper(s) on areas of your specific interest. We also welcome proposals for inclusion of new topics relevant to the subject of the conference. Abstracts of papers to be presented at the Conference may please be submitted by 25th February 2014. More details are available on conference website, www.fireprotech2014.in.

I look forward to your participation in the conference.

Regards,

Yours Sincerely,

(Arvind Khare)

Additional Member /PU / Railway Board.

&

Chairman IRSE, IRSMEA.
